OBJECTIVE

I am pursuing B.Tech in DDU. I seek a challenging opportunity where I can fully use my skills for the success of the organisation. I am eager to grow both technically and professionally while contributing to real-world projects in a collaborative environment.

TECHNICAL SKILLS

Languages/Database: Java, C++, C, Golang, SQL, MySQL, MongoDB, PostgresSQL

Web Technologies: HTML, CSS, Javascript, JSON, REST APIs

Frameworks and Libraries: React.js, Node.js, Numpy, Pandas

Software & Tools: Git, GitHub, IntelliJ IDEA, Visual Studio Code, Docker

Soft-Skills: Problem Solving, Leadership, Time Management, Design Thinking, Team Collaboration

Core Competencies: Data Structures and Algorithms, Object-Oriented Programming

EXPERIENCE

Aexaware Infotech Pvt. Ltd.

Dec 2025 (Currently)

Software Developer Intern

- Worked on full-stack development with React Native, Node.js, and Firebase to build production-level mobile and web applications.
- Set up GitHub repository with proper branch structure, version control standards, and followed team workflows for PRs and merges.

PROJECTS

Task Management System | React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT

March 2025

- Built a full-stack web application for managing projects, tasks, deadlines, and team roles with real-time collaboration features.
- Integrated backend APIs with Express and MongoDB for storing and retrieving user, project task, and log hour data efficiently.
- Designed and implemented complex MongoDB schemas and used Mongoose for easy querying and validation.

E-Commerce Mobile Application | Android (Java), MySQL

Oct 2024

- Developed a native Android application for online shopping with features like product listings, cart, search, and order management.
- Designed UI using XML layouts and implemented navigation using Activities and Fragments.
- Integrated MySQL database through Java-based backend using JDBC for storing and retrieving product and user data.

Real Estate Application | Flutter, Dart, Firebase

April 2023

- Built a cross-platform mobile app to connect property buyers and sellers without third-party agents.
- Developed clean UI using Flutter widgets and managed user data with Firebase Authentication and Firestore.
- Integrated features such as property listing, search filtering, user registration, and image uploads.

EDUCATION

Bachelor of Technology in Information Technology

Sep 2023 – May 2026

Dharmsinh Desai University, Nadiad, Gujarat

CPI: 7.42/10

Diploma in Engineering in Information Technology

Aug 2020 – July 2023

Gujarat Technology University, Surat, Gujarat

CPI: 8.46/10

CERTIFICATIONS & ACHIEVEMENTS

Competitive Programming: Solved 100+ problems on LeetCode
